

# SciCan SPEC System Steri-Centre Packages

Safe

Predictable

Efficient

Compliant

# Smart Instrument Reprocessing begins and ends with SciCan.

Your steri-centre should improve **Safety**, ensure **Predictable** results, maximize **Efficiency**, and maintain **Compliance**.

Minimize handling of instruments and increase staff productivity with improved efficiencies. Your office can have the fastest and safest instrument processing system possible to avoid delays and interruptions in work flow and to reduce the risk of staff injury.

**1** Receiving, Cleaning, and Decontamination

**2** Preparation and Packaging

**3** Sterilization

**4** Sterile Storage

## Offices Pouching Instruments

## Offices Utilizing Instrument Cassettes

Make the important decision to invest in your **steri-centre**, the infection control hub of your practice, showing your patients how you are setting your practice apart from others. The investment will benefit the office for years to come.
